# The War Eagle

Just before the Civil War, Blue Sky, chief of the Chippewa Indians, brought home a young eagle he'd just captured. He fed it on fish and meat and it soon became tame. It was an American bald eagle.

He later sold the eagle to the 8th Wisconsin Volunteers who thought it would be a good idea to take a mascot into the war with them.

At first, the young eagle just walked around the camp like a dog. Then, he finally chose a master, a soldier named McGinnis.

McGinnis made a red-white-and-blue shield for the eagle's perch. He tied it by the foot taking care to leave the cord long enough so that the bird could fly around a little. When the regiment went on the march McGinnis carried the eagle beside the color bearer.

By now, the eagle was a huge bird and had acquired the name "Old Abe" after President Lincoln. His feathers were brown with golden streaks that gleamed in the sun. His tail feathers were white with black spots and his legs were a bright yellow. His wings when spread measured six and one half feet from tip to tip!

Old Abe loved marching in parades with the soldiers. He liked the cheering and the music. He was a real pet and even the officers saluted him!

Finally, Old Abe was taken into battle. At the sound of shooting, he broke his cord and flew high into the sky. He soared overhead squawking and screaming.

After the battle was over, he circled the battle field. He seemed to be inspecting the situation. Then, he returned to his own regiment and landed on his perch. He seemed proud that his men had won the battle.

After that he was not tied, anymore. He was free to go and come as he pleased. He would fly overhead and follow his troops into battle. The soldiers always cheered him and he was good for their morale.

Old Abe went through four years of the war He was in 22 battles in all, and after every one of them he returned to his own regiment.

He was not without battle scars, because the enemy constantly tried to shoot him down. They knew how important he was to those soldiers. His perch was often hit by bullets, but Old Abe was quick. Only his feathers were torn. He was never seriously wounded.

He seemed to know which side of the war he was on and never once dropped into another camp by mistake.

After the war Old Abe was given to the State of Wisconsin. For 15 years he lived in the State House in Madison. McGinnis remained his keeper, and Old Abe became famous. People traveled for miles to have a look at him and take his picture.

Old Abe lived a full life and finally died of old age in 1881. He was stuffed and set up on the same old perch he used during the Civil War.

The American Bald Eagle is our national bird and symbol of freedom. Its very appearance is one of power and majesty.

There are forty or fifty types of eagles all over the world, but the only one in North America is the bald eagle. Their nests are sometimes six feet across and six feet deep and contain a small truck load of material. There is even an American eagle living on Cape Kennedy in Florida. It was there long before the space program started and his nest remains untouched.

As the rockets blast off for outer space, the eyes of the eagle are upon them. It's as if the giant bird senses that history is being made and wants to be on the scene.

The bald eagle belongs to the group called the sea-eagles. He is found on rivers and lakes and especially the seacoast. It feeds mostly on fish, and loves to annoy seagulls and frighten them into dropping fish they have captured. Then the giant bird will soar down like a thunderbolt and catch the falling fish before it hits the ground!

It is truly "the King of Birds"!

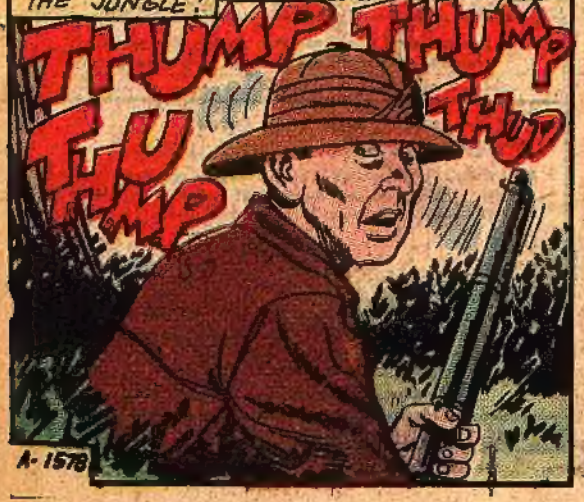
# The Family Man

THE LARGEST SPECIES OF ANTHROPOID APE IS THE GORILLA. THESE COME IN TWO VARIETIES. THE COMMON GORILLA'S RIGHT NAME IS GORILLA GORILLA...WHILE HIS COUSIN FROM THE MOUNTAINS IS GORILLA BERINGEI. THIS CHAP'S FUR IS THICKER AS BEFITS A DWELLER IN A COOL CLIME. MR GORILLA AND MRS. GORILLA WITH THEIR YOUNG ONES TRAVEL TOGETHER, NOT IN COMPANY WITH A BUNCH OF OTHER APES. THEY BUILD A NEAT LITTLE SHELTER EACH EVENING...

GORILLAS, WHEN THEY WALK ERECT, ARE OFTEN BIGGER THAN MEN, EXCEEDING SIX FEET IN HEIGHT AND AVERAGING OUT WELL OVER 500 POUNDS IN WEIGHT. THEIR STRENGTH IS PRODIGIOUS!

THEY'LL FIGHT FIERCELY WHEN THEIR YOUNG ARE ENDANGERED...

WHEN EXCITED THEY BEAT ON THEIR CHESTS...AND THE HOLLOW BOOMING SOUND TERRIFIES EVERY CREATURE IN THE JUNGLE!



THE MALE'S CANINE TEETH DEVELOP INTO TUSKS...AND DAD GORILLA WHEN ANGRY IS NOT A PRETTY SIGHT TO SEE. MAMA GORILLA, WHILE SHE DOESN'T HAVE THESE TUSKS, ISN'T A RAVING BEAUTY EITHER!

# IS YOUR HAIR GROWING OR GOING?

Stand in front of a mirror. Take a long hard look at the top of your head. Do you have as much hair as one year ago? Do you see any new hair growth?

If your answer is no, it is important that you take steps today to save the hair you now have. If you act now, you may be able to reverse the trend on your head. You may be able to grow new hair faster than it is falling out. Doesn't that make sense to you? Wouldn't you like to look in the mirror a year from now and see more hair on your head than you see now? Why lose your hair if you don't have to?

## CAN YOU SAVE YOUR HAIR?

Every year thousands of men and women go bald — needlessly — because of a scalp infection. This scalp infection is called seborrhea. Doctors say that three germ organisms cause seborrhea: staphyloccocus albus, pityro sporum ovale, and microbacillus. These germs attack the sebacious glands and the hair follicles themselves. If not checked, permament damage is done. The hair follicles atrophy, lose their ability to produce new hairs. The result: premature baldness.

You can easily tell if you are a victim of seborrhea. If you have itchy scalp, dandruff, hair loss, very dry or oily scalp, the chances are that you have seborrhea. Neglect these symptoms and you invite baldness.

Treat your scalp to Ward's Formula. This amazing scalp medicine quickly controls seborrhea and stops the hair loss it causes.

### Here's the Proof!

I must admit I didn't have much faith in it, but I hadn't been using Ward's one week before I could see it was helping me. I could feel my hair getting thicker.
*E. K., Cleveland, Ohio*

After using Ward's for only 12 days my hair has stopped falling out.
*R. W. C. Cicero, Ill.*

Out of all the Hair Experts I went to, I've gotten the most help from use of Ward's Formula.
*L. M., Philadelphia, Pa.*

I am tickled to death with the results. In just two weeks' time no dandruff. *W. T. W., Fortuna, Cal.*

I feel encouraged to say that the infuriating scalp itch which has bothered me for 5 years is now gone.
*J. M. K. Columbus, Ohio*

**Male pattern baldness is the cause of the great majority of cases of baldness and excessive hair loss, for which neither the Ward treatment nor any other treatment is effective.**

## DOUBLE MONEY BACK GUARANTEE

In seconds, Ward's Formula kills the three parasitic germ organisms retarding normal hair growth. This swift germicidal action has been proven in scientific tests by a world-famous testing laboratory (copy of laboratory report sent on request). Ward's removes infectious dandruff, stops scalp itch, brings hair-nourishing blood to the scalp, tends to normalize very dry or oily scalp. In brief Ward's Formula corrects the ugly symptoms of seborrhea, stops the hair loss it causes. Ward's Formula has been tried by more than 550,000 men and women on our famous Double-Your-Money-Back Guarantee. Only 1.9% of these men and women were not helped by Ward's and asked for their double refund. This is truly an amazing performance.

Why not join the men and women who have successfully ended their troubles? Treat your scalp with Ward's Formula. *Try it at our risk.* In only 10 days you must see and feel the marked improvement in your scalp and hair. Your dandruff must be gone. Your scalp itch must stop. Your hair must look thicker, more attractive, and alive. Your excessive hair loss must stop. You must be completely satisfied — in only 10 days — with the improved condition of your scalp and hair, or simply return the unused portion for Double Your Money Back. So why delay? Delay may cost your hair.
